General and Revenue *Depts*

Sir,

I have the honor to acknowledge receipt of your Office No.4846/487 dated 19th December 1900 requesting me to formulate and submit for the orders of Government proposals for the abolition of salaried stamp venders throughout the State.

2. I beg to submit herewith a statement showing the existing number of salaried vendors, their pay, the average sales of stamps effected through them, the amount of commission that would be payable if the stamps had been sold by licensed vendors and the amount of salary disbursed to the vendors who sold them.

3. From this statement it will be found that the total cost of the stamp vendors Establishment exceeds the commission payable by Rs.182/-. This excess does not include the prospective charge on account of pensions to the members of this Establishment for which 1/10th of the amount, namely Rs. 2736/-, should be added - the total excess amounting to Rs.455/- a year.

4. The system of selling stamps through salaried vendors is not only more costly but requires careful watching and entails considerable extra labour on the Treasury officers and their establishment. It is also attended with risk of loss of Government Revenue. During the past 6 or 7 years there have

been cases of defalcations of Government money by salaried vendors in four out of eight District Treasuries.

5. I therefore recommend that this establishment may be replaced throughout the State by licensed stamp vendors, the men already on the establishment being gradually otherwise provided for.

I have the honor to be,

Sir,

Your most obedient servant,

Comptroller.

Proceedings of the Government of Mysore, Financial, dated 8th January 1902.

READ—

Correspondence ending with letter No. 6833, dated 21st June 1901, from the Comptroller, Mysore Government, recommending that the establishment of salaried stamp vendors may be replaced by licensed vendors throughout the State.

No. Fl. 926-34, DATED BANGALORE, 8TH JANUARY 1902.

ORDER THEREON.—The Comptroller reports that the total cost of the 10 salaried stamp vendors now existing amounts to Rs. 2,736 per annum, while the amount of commission that would be payable if the stamps had been sold by licensed vendors, taking the average sales for the last three years ending 1899-00, in all the Districts except Shimoga, would be Rs. 2,554. The total cost of the stamp vendors' establishment thus exceeds the commission payable by Rs. 182 per annum, exclusive of the prospective charge on account of pensions to the members of the establishment, for which one-tenth of the total cost or Rs. 273 should be added. Thus it is stated that the total excess amounts to Rs. 455 a year.

2. The Comptroller is of the opinion that the system of selling stamps through salaried vendors is not only more costly, but is also attended with risk of loss through defalcation of Government money by such vendors, and recommends that this establishment may be replaced by licensed vendors throughout the State, the men already in service being gradually otherwise provided for.

3. Government agree with the recommendation made by the Comptroller, and accordingly direct that the establishment of salaried stamp vendors be abolished throughout the State, the vendors already in the service who are superannuated or have completed their services being retired, and the others absorbed as vacancies occur in other Departments. The present salaried vendors, who will not at once be otherwise provided, may, if they agree, be appointed as licensed vendors under the new system till other appointments are found for them, which should be done at the earliest available opportunity.
